

## CoronaVirus Rap

Covid-19 is getting lonely  
I'm losing my mind slowly  
Facetiming my friends on the daily  
The weather outside is kinda rainy  
Watching Netflix 24/7  
Usually up later than 11  
Gotta make sure I wash my hands  
Stores are out of goods that are canned  
Toilet paper is getting low  
To the store I go  
Gotta make sure I wear a mask  
This is such a task  
Hopefully Corona ends soon  
I gotta stop sleeping in till noon  
Until the next time I rap  
About to go take a nap  
Word.
